

## DISASTER PLANNING & LOGISTICS CONSULTING

Deployed Resources provides first-hand experience and capability to provide on-call professional pre-event planning for disaster logistics support. In addition, we have HSEEP-trained staff that can assist in the planning, facilitation, and improvement processes involved with training and exercise events. Personnel involved in emergency management activities include the former Operations Section Chief and Deputy Logistics Section Chief for Florida Department of Emergency Management, Type III IMT Finance and Administration staff member, and a Certified Emergency Manager. Combined, they have more than 30 years in planning and operations.
