

CONTAINERIZED RESOURCES

[Containerized Resources Logo](#)

Containerized Resources is a division of Deployed Resources that specializes in providing custom, purpose-built solutions. Our innovative mobile structures are designed specifically for your needs. From completely custom builds to stock structures, we will deliver the perfect solution. Many of our mobile structures are available for purchase as well as for short or long-term lease.

- Customizable
- Portable
- Expandable
- Configurable
- Sustainable
- Affordable

If you can imagine it, we can build it! We can work from precise specifications or help design and engineer your modular mobile space. Many of our mobile structures are available for purchase as well as for lease. Whether you need a short-term structure for a special event, or a longer-term, custom build for your business, we can expedite the perfect turnkey solution.
