

TURNKEY FOB SUPPORT

Deployed Resources is a veteran-owned business specializing in temporary life support facilities and related equipment. Our services range from full service turnkey base camps and FOB support to the provision of any single component which can be used independently to augment existing facilities such as kitchens or barracks. Comprised of experts from the military, construction/engineering, and logistics fields, we provide a synergistic source of dedicated support to demanding clients. Our past performance has repeatedly been deemed “highly capable” and our projects maintain the highest levels of quality control at all phases of operation allowing our clients to concentrate on the mission while we support it.
