

CLEAR-SPAN TENTED LAUNDRY

Deployed Resources offers a variety of soft wall tented structures. Our clear-span tented structure is an ideal solution for a laundry facility since it offers raised wood flooring, lighting, doors, fire extinguishers, and exit signs. All facilities are custom-built based on client requirements. Sizes range from 10 washer/dryer units to 75+ units. Gas or electric model units are available. Our tented laundry facilities are provided turnkey and include power, water, and wastewater connections. Fluff and fold service is also available.
