

TENTED BILLETING

Temporary housing can be provided in soft wall (tented) facilities. These soft wall structures consist of a climate controlled tent with raised flooring, lighting, cell phone charging stations, doors, exit signs, and fire extinguishers. Soft wall accommodations can be provided with cots and/or metal-framed beds and mattresses, and linen service. Temporary tent buildings are climate controlled and are sized to provide 50 square feet of space per person.
